2017-2018 SCHOOL REGISTRATION

NM Schools utilizing an electronic registration process through PowerSchool again this year. The registration process is different for parents who already have logins to PowerSchool than it is for parents who do not have logins. Please follow the directions listed below and let us know if you have any questions by contacting the high school office at 641-637-4187 between the hours of 7:30 a.m. and 3:30 p.m.

Why the online registration process? The electronic registration does not cost the district any additional dollars. It saves time for both parents and school employees. Parents can now register all of their students at once. School employees will no longer have to enter in all of the student information by hand saving time, money, and reducing the risk of entering incorrect information into the system.

What will I need to register my students? You will need to access the North Mahaska Website through an electronic device and the Internet.

What happens if I don't have a computer or the internet at home? Can I still register by paper? We are sorry, but you will no longer be able to register by paper. All parents/guardians will need to register their students on-line. Office hours have been extended on the dates listed below to accommodate parents needing computer and Internet access. If you need assistance, please plan to register in the High School Office on August 8th or August 9th from 7:30 a.m. to 6:00 p.m. There will be computer stations set up and office staff will be available to assist you. You can also come to the high school office any weekday after August 9th between the hours of 7:30 a.m. and 3:30 p.m. The office staff will be glad to assist you with E-Registration. If you have any questions, please feel free to contact us at 641-637-4187.
