

WARHAWK SPORTS MEDICINE DEPARTMENT 1977-2016

“Warhawk Sports Medicine Cooperative Health Care Program”

The Warhawk Sports Medicine Program was started in 1977 to join together medical professionals. It has been my first goal as the Director, that the North Mahaska Community School strive to have the best medical care possible for our student athletes. We have the best care possible and way above other schools. In starting this program I included the students that would like to help coaches with minor first aid, taping and organizational skills. Years ago we called them student trainers now we refer call them as Sports Medicine Assistants.

When I realized there were more qualified professional then myself it was time for the second goal. Contacting professional Health care providers and get them on our Sports medicine team.

I decided to identify them as The Warhawk Cooperative Health Care Program. These professionals are willing to provide care when needed to our athletes with some charging nothing.

Coaches are urged to contact Mr. Colligan for more information and Mr. Ehret to explain the procedure for care when I am not available.

The following are members of our Health Care Providers

IOWA ORTHO- 515-247-8400 Dr. Christopher Vincent, Orthopedics’ Office at Pella Regional Hospital,

Town Square Dental Care 641-673-3008 Eric DeBoef, DDS Patrick Jone, DDS Kara Weishaar, DDS
Warhawk Sports Medicine Dept. 641-637-4187 John Colligan, Director of Services 641-660-7761
New Sharon Fire & Rescue Department 911 Members

As you see we have multiple medical personnel that make up the Warhawk Sports Medicine’s Cooperative Health Care Program. Some of you will be directly involved with our athletes and some of you will be asked to see an injured athlete when they cannot contact their own provider. Having you available is our goal in having the best and immediate care possible. We understand that a cost could be involved and taken care by the parent or guardian. Thank you for your years of support and special thanks for all the students’ trainers that helped make the Warhawk Sports Medicine Program so successful.

John Colligan, Director
