BUS ROUTES

On the following lists, you will find the bus routes for 2018-2019. There are not many changes being made this year. Your child's route and driver are likely to be the same as last year, but please check the routes. Please have your children ready well in advance for the first few weeks of school. Most routes begin around 7:00 a.m. During the first few weeks of school, times may be adjusted to fit the circumstances. After that, they should remain more stable. Keep in mind that weather conditions, the number of students riding on a given day, new students and road conditions can cause times to vary. Drivers will do their best to stay as consistent as possible, but it is always wise to be ready early. Please note the hard surface routes should they be needed.

Please examine the routes so you know your driver and what bus you will be riding. If you do not find your name on any of the lists, or if you have moved, please call the school to let us know. It is not our intention to leave anyone out, and we need to be sure that we stop if transportation is needed. We appreciate your patience as we settle into the routes for a new year.
