North Mahaska CSD's Internal Controls

North Mahaska School District expects all board members, employees, volunteers, consultants, vendors, contractors, students, and other parties maintaining any relationship with the school district to act with integrity, due diligence, and in accordance with all laws in their duties involving district resources. The board is entrusted with public dollars and no one connected with the school district should do anything to erode that trust. Internal Control is the responsibility of all employees of the district. The district ensures all expenditures meet the public purpose requirement. An external audit is conducted annually to ensure oversight of the district's financial resources. If at any time you have questions regarding the oversight of district resources, please feel free to contact Cindy Quang, business manager, or Angela Livezey, Superintendent @ 631-637-4187.
